

Portway Junior School

‘Learning Together, Achieving Forever’

PE/Sport Premium Statement

The government continues to provide additional funding to schools for the academic year 2017 to 2018. Funding for schools is calculated by reference to the number of primary-aged pupils. For the 2017-2018 academic year, Portway Junior School received £19770.

Schools must spend the additional funding on improving their provision of PE and sport, but they have the freedom to choose how they do this.

At Portway Junior School, we feel we are starting from a position of strength when it comes to our provision for Sport and Physical Education as it is an area we have worked hard on during the past few years. We have members of staff (teachers) who have sports degrees and PE and Sport is a priority for all stakeholders in the school. We have recently received the Gold Mark Award – a Government led awards scheme launched in 2012 to reward schools for their commitment to the development of competition across their school and into the community. We were delighted that Sport and PE at the school was recognised by Ofsted as a strength of the school. In our 2015 Ofsted Report, it was stated that;

‘The school spends its sport premium funding effectively. The school has successfully engaged pupils in a wide variety of sports and competitive events with other schools.’

Our provision for after school clubs is very strong and includes several sport clubs run by members of staff including: Playleaders/Ambassadors, Netball, Hockey, Tag Rugby, Cross Country, Gymnastics, Yoga, Boys Football, Girls Football, and Sports Pick ‘n’ Mix. We also work with some external providers to boost this provision including specialist coaching for football, tag rugby, dance and tennis.

Our residential programme offers every child the chance to go away twice out of their four years at the school. The year 4 pupils have the opportunity to go to Hooke Court each November/December in Dorset and the trip is themed around ‘Romans’. The year 6 pupils go to Calshot Activity Centre in January and do a variety of activities mostly linked to outdoor and adventurous activities. The pupils who do not attend also take part in outdoor and adventurous activities, provided by Andover Valley Leisure. No child is ever excluded from the residential trips due to financial reasons; parents are told to make contact with the school and we discuss how we can help.

We work closely with our cluster to recreate some of the previous work of the School Sport Network. We have a service level agreement with our local secondary school to provide a teacher who works with our cluster schools on PE and sport. She organises a number of cluster sporting events/competitions for our schools. She has worked with our Sports Captains, Sports Deputies and Bronze Ambassadors to lead training for new age kurling.

In previous years, we have used the sports premium money to up-skill staff on teaching gymnastics and dance, sport education, hockey and rugby. Ofsted 2015 recognised the impact this had on staff expertise and confidence and stated that, *‘Teachers have developed their skills in teaching physical education and sports as a result of valuable training.’*

We have sent 2 teachers on the British Gymnastics Intermediate Coaching Qualification course.

Bikeability for Year 3 and 6: We provided bikeability training over 1 week for all Year 6 pupils. Although delivered in groups for most pupils, individual training was provided to those who had never ridden a bike or who found it a challenge. The progress made by all children was considerable. Pupils who do not have their own bike are provided with one, including a bike helmet.

Other PE/Sport Activities & Links

- Andover Tennis Club – All Year 5 pupils visit for session in April/May and work with secondary school PE students. These sessions are held at Andover Lawn Tennis Club.
- Inter-school competition – We take part in a wide range of inter-school competitions and matches. For example we enter football teams in the local league, Hampshire Cup, Andover area cup as well as friendlies to give other pupils a chance to represent the school. As a result of the PE money (including having a minibus) we entered competitions in the following sports throughout the 2017-18 school years: netball, tag rugby, hockey, cross-country, basketball, indoor athletics, multi-skills, kwik cricket, new age kurling, athletics, rounders, tri-golf, rock-it-ball and football.
- Playtimes – We have worked hard to improve the playground and offer opportunities for pupils to be active during these times. The equipment we have added - adventure trail, fitness trail, basketball hoops, outdoor gym and table tennis. This is in addition to other equipment including skipping ropes, etc. The aim is to make breaktimes and lunchtimes as active as possible.
- Year 5 work with a dance teacher from Harrow Way in the autumn term and this culminates in a performance at Harrow Way with 3 other schools.
- CAPs (Children Achieving at Portway School) activities – this is a Friday reward/enrichment time and some of the activities throughout the year are linked to PE/sport e.g. basketball, football, Frisbee, hockey, Zumba dancing, Taekwondo, Cross-Fit and Hula-hooping.
- We are continuing to develop links with sports clubs in the area. In the past few years we have had a martial arts clubs do a demonstration and we have good links with Andover Arrows Netball, Several local football clubs (Andover Town Youth FC use our school field for matches), Andover Rugby Club and Andover Cricket Club.

As part of our commitment to PE/sport, we aim to:

- Increase the number of pupils who participate in PE and Sport.
- Increase the range of sporting opportunities and activities that the school offers.
- Raise aspirations for ALL pupils by inspiring and motivating them to be involved.
- Further enhance the enjoyment of ALL pupils participating in PE and School Sport.
- Ensure that the pupils develop into active and healthy citizens.
- Keep the Legacy of London 2012 alive.

This year at Portway we anticipate using this funding to:

- PE Service Level Agreement with Harrow Way (for our cluster). Intra Competitions – We have a number of opportunities for intra-school competitions including termly house competitions.
- Equipment: We have allocated some money for extra PE equipment to increase our range of activities after the PE subject leader audits this termly.
- Sports Captains: We have developed a system of Sports Captains for each class who help promote and lead PE and sport within the school. They have received an afternoon of training via the SLA with the PE subject leader.
- Football: (Girls) We have brought in coach to offer a specific after-school club for girls to develop their skills and encourage them to play for local clubs.

- 5-a-Day: We have purchased a subscription for this online resource for use on the interactive whiteboard. It gives 5 minute exercise & dance activities that can be done at any time in a classroom.
- Orienteering: We have set up orienteering courses in our extensive school grounds. We have had full orienteering maps drawn in preparation.
- Boost our range of outdoor/adventurous activities with Valley Leisure at Charlton Leisure Centre/lakes to include: canoeing, orienteering and team building. (Postponed for 2017-18 after council contract changed company – will be review during the year.)
- Intra Competitions – We have a number of opportunities for intra-school competitions including termly house competitions.
- Swimming: The temporary closure of the local leisure centre swimming pool has been a challenge. We have now arranged for 2 session for 2018 in a temporary pool so we can ensure that it still takes place. Part of the increased cost (and increased travel costs) will be met from the sport premium.
- Forest Schools: We have had a member of staff trained in forest schools and created an area in the school grounds for this (including associated equipment.) The programme has now started with our nurture group children but we will then consider how we can expand this to other pupils across the school.
- Minibus: Part of the cost of the minibus is funded via the sport premium. We have a lot of inter-school sport competitions and events and without the minibus we would not be able to take part in these activities.

What percentage of current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	73%
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	63%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	63%

PE & Sport Premium Funding for 2017-18

For the academic year 2017-18, Portway Junior received £19,770

Allocations
